

# COASTAL B

Our Coastal B mood board uses some upgraded finish levels.

Coastal design is characterized by lighter tones that reflect the colors of the ocean and the sand. Emphasizing hues of blue, green, beige, and white, the design style evokes a feeling of tranquility, calmness, and a relaxing retreat. This design style achieves a balance between sophistication and laid-back comfort, making it a timeless choice for those who love to embrace the natural beauty of coastal living.
