

## FAST FAUX WOOD 2" HORIZONTAL BLINDS

What can be better than having the rich look of wood blinds, without compromising value?

Prism Blinds is proud to partner exclusively with CACO, Inc. Window Fashions who we feel manufacture and distribute the highest quality blinds. We share an unmatched focus on outstanding quality and construction, energy savings, safety, easy operation, consumer safety.

Your 2" Cordless Fast Faux Wood blinds provide the same aesthetic, with the added benefits of superior durability, moisture resistance, and a cordless feature that is much safer for children and pets - all while offering a clear view of the outdoors when open and provide necessary privacy when closed.

## HELPFUL HINTS

### HOW TO OPERATE:

To adjust tilt, twist the attached wand to reach your preferred angle. To raise or lower, grasp the bottom rail and pushing up or pulling down, gently.

### HOW TO CLEAN:

Since they're made of PVC material, you'll be happy to know that faux wood blinds are some of the easiest window treatments to clean!

We recommend dusting with a soft non-abrasive cloth, or blinds may be vacuumed periodically by using a hose and soft brush attachment. Clean soiled blind surfaces with a mild soap solution. Do not use steam, hot water, bleach, abrasive or solvent-based cleaners or this will void any warranties. Cleaning your blinds at regular intervals will extend their life and help keep your home allergen-free.

In operation for over 25 years, Prism Blinds is proud to serve Alabama as the leading installer for all your window covering needs. We focus on providing style that's affordable, and it's our pleasure to offer a variety of blinds, interior shutters, and roller shades to meet your needs.

We specialize in residential and commercial projects, within our community and beyond, and are always excited to help put the finishing touches on a new development or update an old space.

### WARRANTY INFORMATION

CACO, Inc. will extend a limited 1-year warranty on 2" Fast Faux head rail and components, while Prism Blinds extends a 1-year warranty on workmanship from the date the home is purchased.

Every horizontal blind that is properly installed is guaranteed to be free from defective components for the warranty duration, as long as the blinds remain in the same window as originally installed. This obligation is limited to repair and replacement of components found defective. This guarantee does not include any conditions resulting from damages caused by accidents, alterations, misuse, abuse, or failure to follow instructions with respect to cleaning or maintenance.
