

The Frank

Get to know **FRANK**

With soaring ceilings and a perfect open concept plan for entertaining and enjoying, **The Frank** is a floor plan available for a narrow lot that doesn't sacrifice living space. This home is just under 40-feet in width, while being a plan that is elegant, comfortable and adaptable to your needs. A variety of options have been designed to personalize your home to your tastes.

Selected options include a variety of morning rooms, detailed on a separate page, extensions to increase the Owner's Suite or Living and Breakfast nooks, and the conversion of either downstairs bedroom into a flex room / study or formal dining.

FIRST FLOOR

The **FRANK** can be adapted easily to accommodate your lifestyle and space needs.

The Frank floor plan has a number of versatile options to allow the space to work with how you live.

Bedroom 3 can be converted to a flex room, study or dining room, with or without French Doors to separate it from the living space.

For the maximum number of bedrooms, use both downstairs rooms by deleting the dining room and you can have two bedrooms in the upstairs loft area, for a total of five including the Owner's Suite.

You can also select from these structural options to expand your living space further:

Morning Room	81 to 194 sq. ft.
Sitting Room	154 sq. ft.
Rear extensions	84 to 244 sq. ft.

Popular Options Shown at Right:

- 5'7" extension on Owner's Suite
- Deluxe Kitchen Option
- Garage Extension

Optional Deluxe Kitchen, with Island

The Deluxe Kitchen for the Frank model, pictured at left, is perfect for entertaining. With a unique shape that allows for plenty of room to work, you can prepare food and circulate the room with ease. A complete Energy Star appliance package with side-by-side refrigerator with ice and water in the door, dishwasher, range and microwave / vent hood combination is included.

The Gourmet kitchen option, pictured at right, replaces the slide-in range with a gas or glass cooktop and dual wall ovens next to the pantry. A vent hood option is also available.

OPTIONAL MORNING ROOMS

One of our most popular structural options, the Morning Room is available in multiple configurations, some with squared corners and others with angled corners, depending on your preference and in some case, local codes. All options include Insight Homes' high performance Super Low-E windows and doors which reduce heat transfer, making this a room you'll enjoy year-round.

You can opt for an accompanying composite deck or expand your living space outdoors with a choice of multiple affordably priced hardscape designs.

The standard bath, shown left, includes a 60" cultured marble vanity and separate linen closet. The tub has a fiberglass shower surround.

super

The Frank has a few different options for a Super Bath upgrade, with the two most common detailed here. Super Bath #1 includes a 60-inch vanity with dual sinks, a fiberglass soaking tub, tile-surround shower with glass enclosure, and a commode. There are custom tile options, a freestanding tub option and a choice of cabinetry finishes and fixtures.

Super Bath #2 includes a 60-inch vanity with dual sinks, a 7-foot tile shower with seat, linen closet and commode. Many custom tile, cabinetry and fixture options allow you to further customize this space.
