The Haywood

The Haywood is the quintessential 3 bedroom 2 and a half bath home. The Haywood features a owner's suite tucked away upstairs, which gives the main living spaces on the first floor an exceptionally expansive and open feel. This home lives larger than it's square footage. You'll enjoy ample privacy from your family room with an ideal location at the rear of the home with easy access from your back entryway. An open concept kitchen rests between your living and dining rooms, allowing for connection with loved ones plus easy access to the heart of your home from all living areas on the main floor.
