# The Hoke

Our Hoke design floods your Living and Dining Rooms with an abundance of natural light from windows at the front and sides of your home. The Hoke makes everyday living a pleasure with easy access to your kitchen from your entryway plus an ample walk-in pantry for plenty of storage. With your owner's suite on the main level, climbing stairs to access your retreat at the end of the day is a thing of the past. The location of your laundry center is customizable, enabling you to locate it on the main floor to ensure all the conveniences of main level living with the space and roomy square footage of a two-story home.
