# The Hyde

Our Hyde design floods your living and dining rooms with an abundance of natural light from windows at the front and sides of your home. The Hyde makes everyday living a pleasure with easy access to your kitchen from your entryway plus an ample walk-in pantry for plenty of storage. With your owner's suite on the main level, climbing stairs to access your retreat at the end of the day is a thing of the past. The laundry room and mudroom are located on the main floor to ensure all the conveniences of main level living with the space and roomy square footage of a two-story home. The upper level gives both you and the kids or your guests privacy with a loft, perfect for a homework nook or 2nd floor arts and crafts spot. You will also find coveted walk-in closets at both guest bedrooms, offering ample storage for kids and out of town guests alike.
