

CLEAR THE LIST

Education has always been important to Home Creations. With the implementation of our Clear the List program, we will be helping local teachers by purchasing requested items for their classrooms. We know several teachers pay out of pocket for school supplies, and we want to help alleviate those costs. If you are interested, please fill out this form to be considered for our Clear the List program. If you have any questions, please call at (405) 364-9999. Please email this completed form to teachers@homecreations.com
